Adam Duval

Benefit Support Center Specialist

With over a decade of experience in employee benefits administration, Adam Duval brings a deep understanding of enrollment, COBRA processing, HRIS systems, and client service to his role as a Benefit Support Center Specialist at CCIG.

Adam began his career in 2012 on the front lines of customer service, quickly establishing himself as a strong advocate in handling benefit inquiries and providing enrollment support. His passion for streamlining processes led him to more technical roles in life event updates, system enhancements, and COBRA administration. Before joining CCIG, Adam held roles at tech-forward benefits firms and fast-paced internal HR teams.

At CCIG, Adam serves as a key point of contact in the Benefit Support Center, where he responds to benefit-related questions, follows up with both clients and employees, and delivers personalized education on available plans. He thrives in CCIG's agile, growth-focused environment and values the opportunity to make a tangible impact on both the company and its clients.

Outside of work, Adam enjoys spending time with his wife and two sons. A self-proclaimed movie buff, he enjoys watching movies across a wide range of genres.
